

Cherita,

Can you follow up to see if Jersey Storm is able to charge \$4.00 per event for the NJ State Meet in December at GCIT? We had requested this in our bid info and discussed at the bidders meeting. This was to be brought up for further discussion at the House of Delegates meeting.

The idea is to not charge an admission fee for access to the venue with the additional charge per event. With so many entrances to the GCIT facility, it is difficult to manage access. MA sanctioned events permit access to the facility to via different entrances and this is a frustrating issue for parents trying to gain access or meet volunteers trying to manage access to the facility.

I don't believe there is a financial gain for Jersey Storm. Probably just the opposite if the number of Mini Meet parents/grandparents is considered in lost revenue.

This would also free up 2 volunteers (at a minimum) to be utilized elsewhere at the meet.

Thanks.

Bob Worrell - Jersey Storm
