

**TRAVEL 2005-06
FINAL REPORT**

The entire travel budget for fiscal 2005-06 was allocated to assist Middle Atlantic athletes as they moved forward in their quest for excellence. Funds remaining at the end of the fiscal year from both pool and open water travel budgets were combined and disbursed to clubs whose athletes did not originally receive the maximum allowed under the budget for a particular meet. Athletes at the National level received the first share of the remaining funds, followed by Junior National and then Sectional athletes.
