

Club Leadership and Business Management Seminars

I have been in contact with Peter Clark several times to arrange a date for a CLMBS to be held in Middle Atlantic. We have a large number of new clubs that must attend one of these seminars before they can register for 2008-09. We also have a large number of "old" clubs that would benefit immensely from the presentations. So far, Peter and I have not been successful in deciding on a date earlier than October.
